BUILDER:	Gulf Craft, Franklin, LA, USA
OWNER/OPERATOR:	Gulf Offshore Logistics, Raceland, LA, USA
HJ DISTRIBUTOR:	Sewart Supply, Morgan City, LA, USA

MANOEUVRABILITY

FLEXIBILITY

RELIABILITY

At 68.5m (225ft) long and with a payload of 500 tonnes, 'Ms Netty' is the worlds largest waterjet propelled crew boat and the first vessel with waterjets in the Gulf Offshore Logistics fleet. The high cavitation resistant qualities of quad HT900 waterjets provide this DP2 vessel with accurate manoeuvrability when operating around oil platforms, together with excellent fuel economy.

No. 443
