

HamiltonJet

LET BRIEF

Saratoga Whale Watch Vessel

SERVICE:	Puget Sound Express Whale Watch	WATERJETS:	Quad HamiltonJet Model HJ364 &MECS controls
LOCATION:	USA	ENGINES:	4 x Scania DI16 083M Diesel Engines - 662kW (887hp) @ 2300rpm
LENGTH:	23.30 metres [LOA]	DESIGNER:	Teknicraft Design, NZ
BEAM:	9.00 metres	BUILDER:	All American Marine, USA
DRAUGHT:	0.95 metres	OPERATOR:	Puget Sound Express, USA
CONSTRUCTION:	Aluminium	HJ DISTRIBUTOR:	HamiltonJet Inc, USA
SPEED:	40 knots		
PAYLOAD:	60 Passengers		

Built for high speed operation to maximize mammal sightings on every excursion, the vessel has asymmetrical semi-planing hulls and an adjustable hydrofoil allowing it to achieve speeds of 40+ knots. The wave-piercing bows enable travel through both calm & rough water while minimising underwater noise. The vessel is powered by quad Scania diesel engines and 4 x HJ364 waterjets.
